Awarded in recognition of our “outstanding student experience and student outcomes”.

A range of study options and intakes

- 140+ undergraduate and 150+ postgraduate courses
- Foundation, top-up, pre-master's and pre-sessional English options
- Start in September, January or May
- Study in Coventry or London.

*Please note that we are unable to guarantee any UK or international opportunities (whether required or optional) such as internships, work experience, field trips, conferences, placements or study abroad opportunities and that all such opportunities may be unpaid and/or subject to additional costs (which could include, but is not limited to, equipment, materials, bench fees, studio or facilities hire, travel, accommodation and visas), competitive application, availability and/or meeting any applicable travel, public authority guidance, decisions or orders and visa requirements. To ensure that you fully understand any visa requirements, please contact the International Office.

Campus and facilities

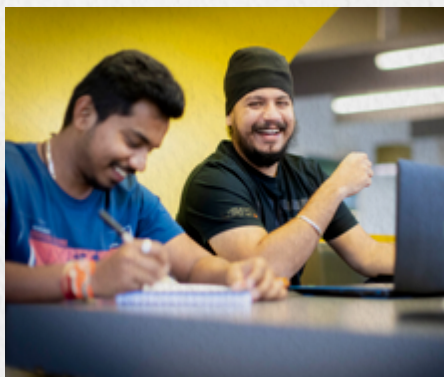

Study in Coventry, a compact, affordable and welcoming city. The city-centre campus has bars, shops and restaurants all within walking distance. The university also boasts some incredible facilities with industry-standard equipment and learning experiences designed to enhance your employability.

You can reach Birmingham city centre in around 20 minutes and London in less than an hour by train.

Study in London, in the heart of the financial district. Coventry University London's facilities are designed to mirror a professional working environment and teaching focuses on practical studies, getting you ready for the world of work.

“ ”

The relationship I have with my lecturers is amazing; they're really warm and make everyone **feel comfortable**. They also share their professional lives with us and it's good to learn from people who have **industry experience**.

Emmanuel Ogedengbe

Nigeria, Global Business MBA

“ ”

I feel confident and smart enough to face the real job market due to **my experiences** at the university, especially with the Talent Team. Additionally, the unique modules of the course made it **interesting and different** as the study is given more of a practical angle than a theoretical one, which is so much better than rote learning.

Dhanashree Singh

India, Advertising and Marketing MA
